Re: *ET Docket No. 04-373*

Dear Ms. Dortch:

On behalf of the Fixed Wireless Communications Coalition ("FWCC"), I am filing this letter in support of the oppositions filed in the above-referenced proceeding by Hughes Network Systems, Inc. (HNS) and XO Communications, Inc. against the Request for Waiver filed by SafeView, Inc. ("SafeView"). For the reasons discussed in those oppositions, FWCC concurs that the SafeView Request raises potentially serious interference issues for licensed users of the spectrum in the 24.25-30.0 GHz band (particularly LMDS licensees in the 28 and 31 GHz bands), and thus it is imperative that the Commission take no action on the SafeView Request unless and until such interference concerns are fully resolved.

Should there be any concerns regarding this submission, please contact the undersigned.

Respectfully submitted,

/s/ Andrew Kreig
